Participants Moving From Seat To Seat

There may be occasions when the teacher needs students to move from one seat to another or from a seat to kibbitzing.

For example;

You have only 3 students at a table and you need dummy to move to a defender seat to participate in the play.

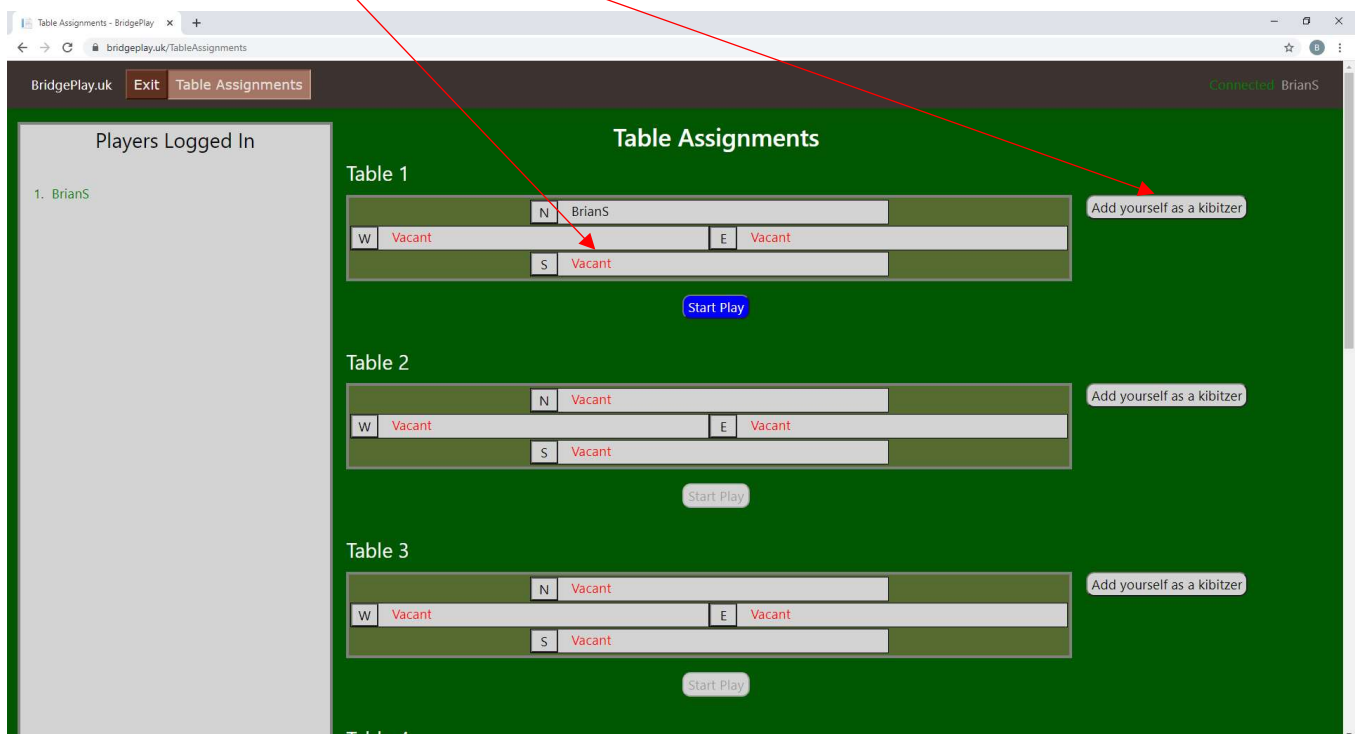

You have 5 participants and you need to rotate students from the table to the kibbitzing seat.

Students do this themselves.

When in table view (and whether cards are showing or not) any student who wishes to move seats clicks on Table Assignments to switch to the table assignments view.

They then click on <vacant> or <Add yourself as a kibitzer> to move to that seat.

They are now in that seat

Table Assignments

Table 1

	N	Vacant		
W	Vacant		E	Vacant
	S	BrianS		

Start Play

Add yourself as a kibitzer

Table 2

	N	Vacant		
W	Vacant		E	Vacant
	S	Vacant		

Start Play

Add yourself as a kibitzer

Table 3

	N	Vacant		
W	Vacant		E	Vacant
	S	Vacant		

Start Play

Add yourself as a kibitzer

Table 4

Click on <Start Play> and they return to the table view

To vacate a seat the student clicks on their name.

This makes the seat vacant and available for someone to move into as described above
